Betreff: From Moalboal to Anda

Dear All

Since almost one week we are in Anda on Bohol working for Flower-Beach.com.

Maybe you think "it's just an other island" but it is not that simple It is just an other amazing island, especially for the diving.

What we saw during the last 6 days on the dives is simply mind blowing!
Take a look on the pictures on www.weiterreisen.ch where you as well can find pictures from the resort and the surrounding.

Life is treating us good and we hope it's the same in your part of the world?

Have a wonderful Christmas time and a healthy start in the new year!

Love,
Carmen and Mischa
