**Betreff: Daily business**

Dear Friends

We heard it is pretty cold where most of you are, so we thought we gonna send you some pictures from our daily business to bring some smiles and sun shine feeling into your day!

We hope you are doing fine?

Anda is quiet, we do 2 dives a day and enjoy every single second. The underwater world is so amazing and surprises us every time: today I did not trust my eyes: Scorpion Leaffish (just after the frogfish and right before the turtle).

This evening is Pizza time and soon Mischas parents will visit us, it is never getting boring and that is the way it should be.

Hope it is the same in your world?

Keep in touch and take care.

Cheers,

Carmen and Mischa
