Betreff: Busy times in Anda

Dear readers

It has been a while since my last lines, times are busy in Anda and the days are passing by way to fast.

Since already 4 months we are here in FloWer Beach and we can tell you: life is treating is good. We did around 170 dives so far and we can't get enough.

Our guests come from all over the world, every one carries his own interesting story and we spend many evenings at Jan's Beach bar listening, discussing and answering. On the dives we challenge ourself to always find more special things and to make the dives as enjoyable as possible for our guests.

You never know what the next day brings, kind of cool, it does not get boring, but on the other hand no chance for making any private plans. But reality tought us, there are not many days without diving and Mischa is teaching like crazy:

Try dives: 18 times, Open Water Courses: 18 students, Advanced Courses: 4 students, Nitrox Courses: 1 student

Congratulations to all of you for your certification! You have done a great job and we hope to see you again, someday, somewhere!

If I have the chance, I always take my camera on the dive and try to improve my pictures, sometimes it works, sometimes not. But I do hope, you like them and they bring some colour in your days.

An other 2 1/2 months and then we take a break: from the 26. of June until the 11. of September we will not be in Anda, we start with a few days Kuala Lumpur before we head to Switzerland to visit friends and family. The diving will continue with Eddie our divemaster and when we are back, more people can learn how to dive or continue their dive education with Mischa and me.

Even though we are not writing newsletter every week, that does not mean we are not interested in you stories :-) Go ahead and let us be part of the rest of the world!

Take care and keep on smiling
Carmen and Mischa

P.S. There is always more to discover than you first think :-)
